10 Getting Started in 3 Steps

01 · BROWSE

A World of Content At Your Fingertips

Thousands of movies, TV series, documentaries, and short films organised into beautiful, curated rows. Streamix surfaces exactly the right content for you — whether you're in the mood for a blockbuster, an indie gem, or something brand new.

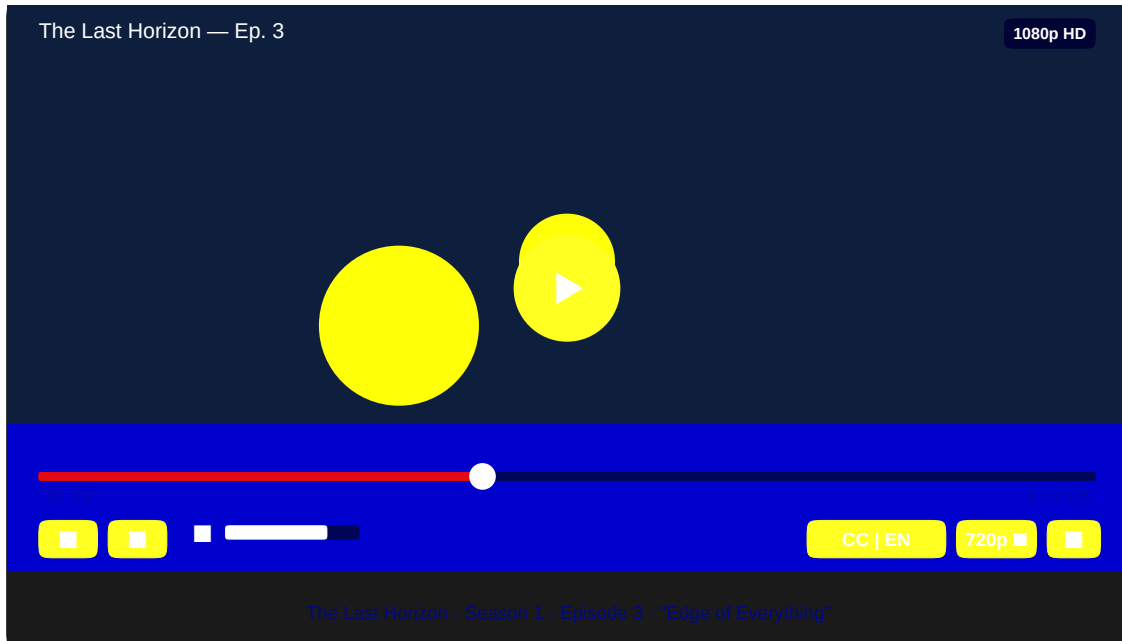

Browse page — Hero banner + Trending row

- ◆ Curated genre rows updated daily — Action, Drama, Comedy, Thriller, Documentary, Kids, and more.
- ◆ Hero banner highlights today's must-watch pick with a one-click Play button.
- ◆ Trending Now row shows what the Streamix community is watching right now.
- ◆ New Releases row keeps you up to date with the latest additions every week.
- ◆ Content filter pills let you narrow by Movies, Series, or All with one tap.

02 · VIDEO QUALITY

Crystal-Clear Video, Every Time

Streamix adapts the video quality to your connection in real time. Whether you're on fibre broadband or a busy mobile network, you always get the sharpest picture possible — no manual settings needed.

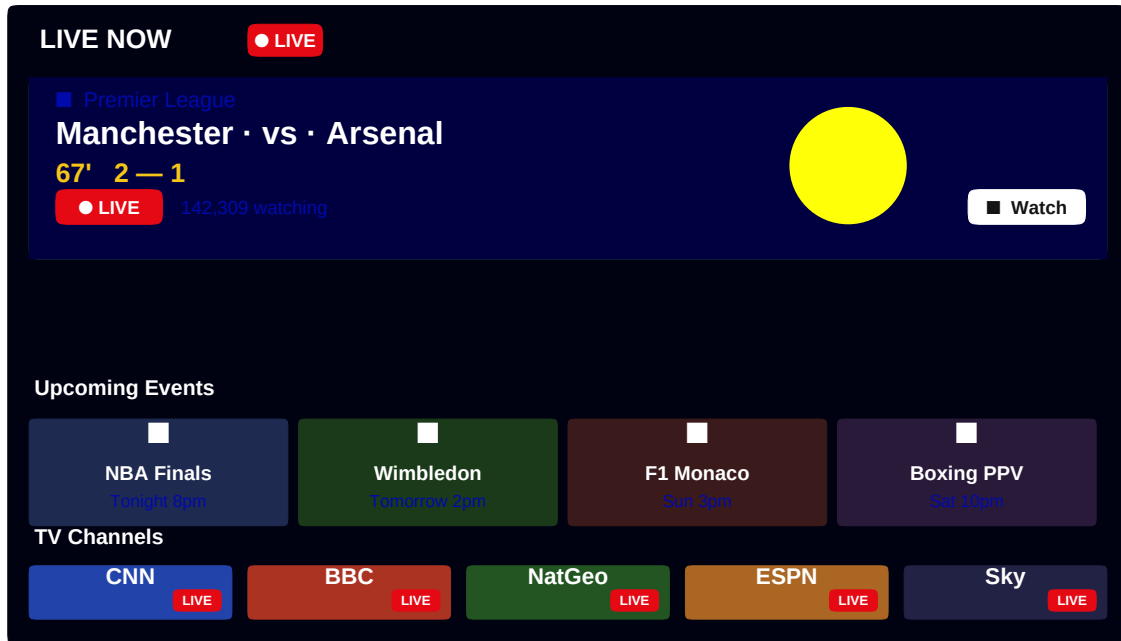

Video player — controls, progress bar, quality selector

- ◆ Adaptive bitrate: automatically switches between 360p, 720p, 1080p, and 4K based on your bandwidth.
- ◆ Manual quality override: lock to a specific resolution from the quality menu at any time.
- ◆ Multi-language subtitles and closed captions — select your language from the CC button.
- ◆ Keyboard shortcuts for power users: Space to play/pause, ← → to skip 10 seconds, M to mute.
- ◆ Controls disappear after 3 seconds of inactivity for a truly immersive, distraction-free view.
- ◆ Full-screen mode with one click — works on laptop, desktop, and smart TV browsers.

03 · LIVE

Never Miss a Live Moment

From Premier League football to boxing, Formula 1, NBA, tennis, and live concerts — Streamix brings you the world's biggest moments as they happen. Plus 24/7 TV channels for news, sports, and entertainment.

Live page — Featured match, upcoming events, TV channels

- ◆ Live Now — jump straight into matches and events happening right this second.
- ◆ Upcoming Schedule — see all events for the next 7 days, set reminders with one tap.
- ◆ Real-time stats: live score, current time, and viewer count shown on every live card.
- ◆ TV Channels — 24/7 linear channels including news, sports, entertainment, and documentary.
- ◆ Pay-Per-View events — buy access to premium boxing, MMA, and concert events individually.
- ◆ Low-latency HLS delivery — less than 5 seconds behind real time.

04 • PROFILES

One Account, Everyone's Space

Up to 5 individual profiles per account — each with its own watch history, recommendations, language settings, and maturity controls. Everyone in the household gets a Streamix experience built just for them.

Profile selector — 'Who's Watching?' screen

- ◆ Up to 5 profiles per account — perfect for families, flatmates, and housemates.
- ◆ Independent watch history: your viewing never influences someone else's feed.
- ◆ Kids profile with maturity lock — only age-appropriate content is visible.
- ◆ PIN-protected profiles: set a PIN to keep your profile private on shared devices.
- ◆ Custom avatar and display name for each profile.
- ◆ Individual language and subtitle preferences saved per profile.
- ◆ Profile switching is instant — no need to log out and back in.

05 · SEARCH

Find Exactly What You Want

Streamix's intelligent search finds what you're looking for instantly — even if you're not sure of the exact title. Fuzzy matching understands typos and partial names, and powerful filters narrow your results in seconds.

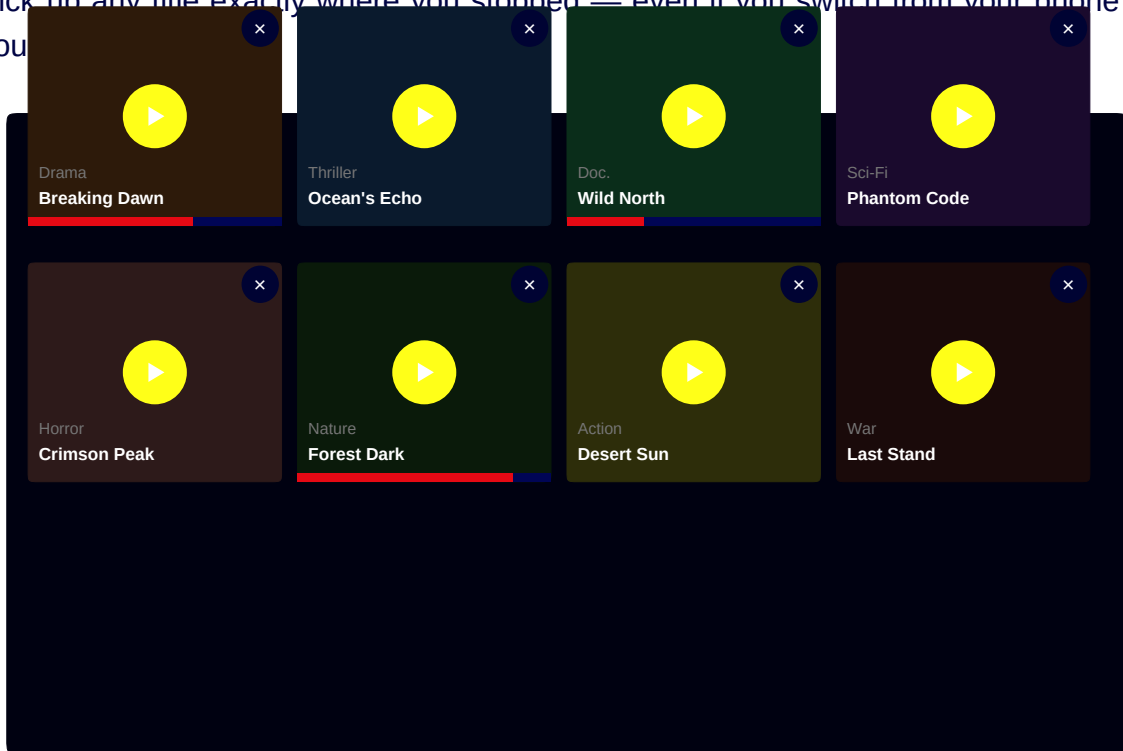

Search page — results grid with filters

- ◆ Type any word from a title, actor name, or genre — results appear as you type.
- ◆ Fuzzy matching: 'inter stelar' still finds Interstellar. No exact spelling required.
- ◆ Filter results by Type (Movies / Series), Genre, and Release Year simultaneously.
- ◆ Each result card shows title, year, and average rating at a glance.
- ◆ Results update in real time with no page refresh needed.

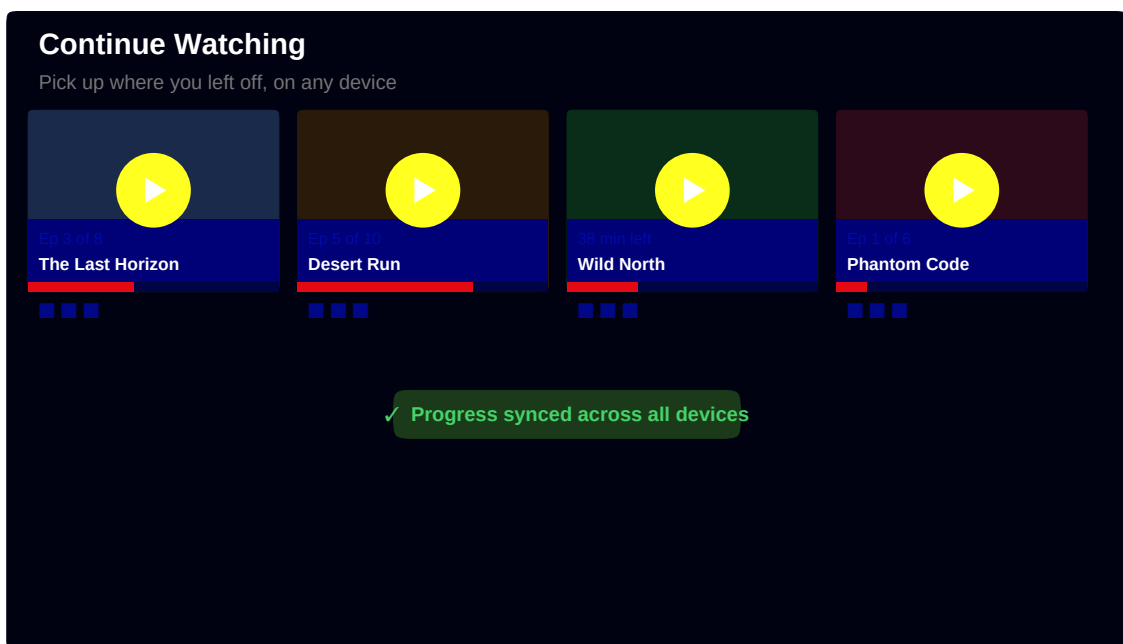

06 · WATCHLIST

Save It Now, Watch It Later

Spotted something you want to watch but aren't ready yet? Add it to My List in one tap. Pick up any title exactly where you stopped — even if you switch from your phone to your

My List — watchlist grid with progress bars

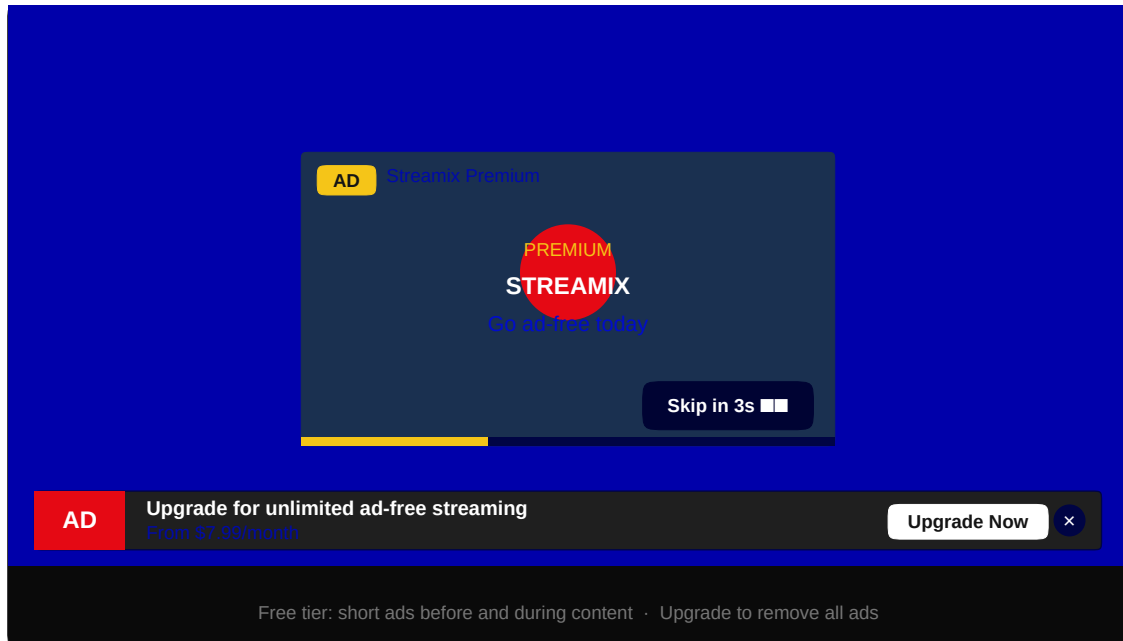

Continue Watching — resume on any device

- ◆ Add any title to My List from the browse page, search results, or title detail page.
- ◆ My List is personal to each profile — different lists for different household members.
- ◆ Progress bars on each card show how far you've watched.
- ◆ Continue Watching row on the browse page surfaces your in-progress titles automatically.
- ◆ Progress syncs instantly across all your devices — pause on your phone, resume on your TV.
- ◆ Mark as complete: skip to the next episode or the next title in your list.

07 · FREE TIER

Stream for Free, Upgrade Anytime

The Streamix Free tier gives you access to thousands of titles at no cost. Free viewing is supported by short, non-intrusive ads. Ready for an uninterrupted experience? Upgrading to a paid plan removes all ads instantly.

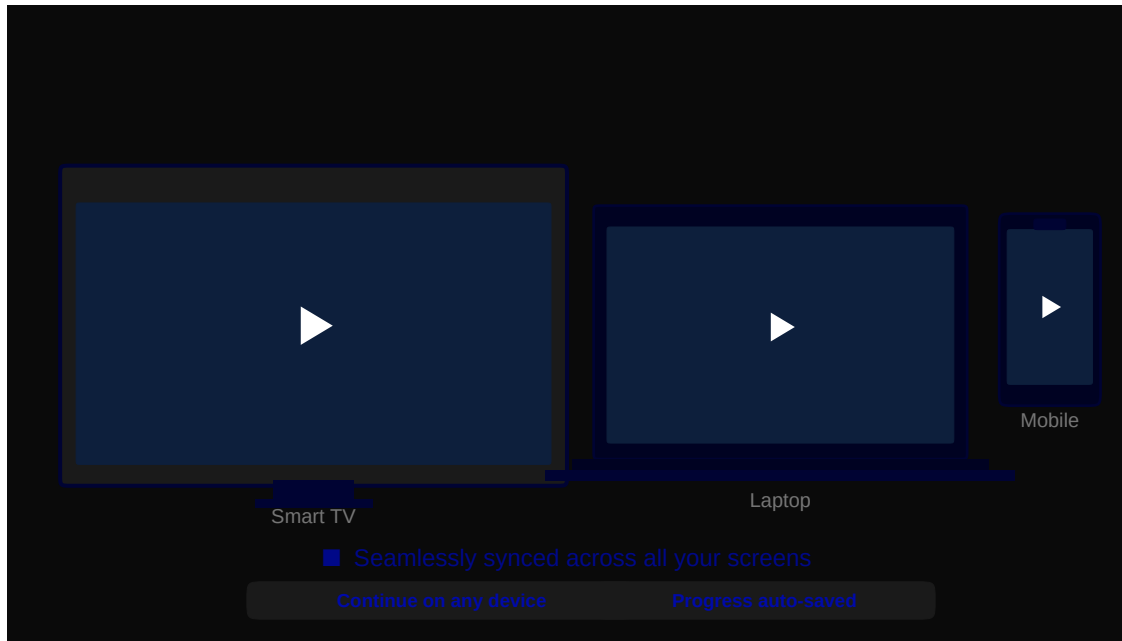

Free tier ad experience — pre-roll and mid-roll banner

- ◆ Pre-roll ad: a short video ad (up to 30 seconds) plays before your content starts. Skip after 5 seconds.
- ◆ Mid-roll banner: a small overlay ad appears every 15 minutes. Dismiss after 5 seconds.
- ◆ Ad volume can be muted independently — your content volume is preserved.
- ◆ Every ad includes a direct link to upgrade and remove all ads immediately.
- ◆ Paid tiers (Basic, Standard, Premium) are 100% ad-free — no pre-roll, no mid-roll, ever.
- ◆ Free tier still gives you full access to the catalogue up to 720p resolution.

08 · ANY SCREEN

Watch on Every Screen You Own

Streamix is designed for every device you use — smart TV, laptop, tablet, or smartphone. Your watch progress, watchlist, and preferences follow you everywhere automatically.

Seamless experience across Smart TV, Laptop, and Mobile

- ◆ Smart TV: available through your TV's web browser; native app coming in a future update.
- ◆ Laptop / Desktop: full feature experience on any modern browser (Chrome, Firefox, Safari, Edge).
- ◆ Mobile: responsive web app optimised for touch on iOS and Android — native apps coming soon.
- ◆ Automatic quality adjustment: 4K on your TV, 720p on mobile to save data.
- ◆ Progress syncs in real time — pause on one device, continue on another within seconds.
- ◆ Standard plan: stream on 2 devices simultaneously. Premium plan: stream on 4 devices at once.
